## AGGRESSION BY REDS IN MESOPOTAMIA

**Bolshevik Move Expected  
by Britain Within Next  
Three Months.**

## JOIN TURK PARTY

**Experts Say Military Com-  
mitments By Britain  
Certain.**

London, Jan. 15. -- Within the next three months, says a long semi-official statement dealing with the Near Eastern Affairs, Great Britain may be faced with a serious Bolshevik situation in the Near East, which would mean military commitments, according to expert opinion, based on official advice from the theatre of war. The Bolshevik occupation of Trans-Caspia may be regarded as virtually complete, which makes the position in the Caucasus most difficult from an anti-Red viewpoint. There is little hope of stopping the Bolshevik from overrunning the Caucasus, and if they succeed they will be able to join Muslem Kemal Pasha (head of the Turkish nationalists) and other forces for Mesopotamian aggression. Likewise Red occupation of Trans-Caspia gives the Bolshevik a base for operations against Persia and extending to India, with the co-operation of Afghanistan. Georgia and Azerbaijan are anti-Bolshevik, but they are not strong enough to resist the invasion which threatens them from the north, where General Denikin's right wing is being pressed back, and from across the Caspian, where the Bolshevik seem to be well established. There is a

large Bolshevik contingent in Baku, and a Red line there would especially result in the recruitment of those Bolsheviks immediately available for service. Besides from Armenia and Azerbaijan. Numerous Turks are also penetrating into the Caucasus from the east with the object of forming a force.

## AGGRESSION IN MESOPOTAMIA

The difficulties in Mesopotamia appear by no means to be finished. Major-General Sir John Dill, who is in command of the British forces in the British area, and has threatened an attack in case of non-compliance with the demands for evacuation of certain districts. The British General MacMunn, commanding in Mesopotamia, has issued an ultimatum ordering the evacuation of this area, and has attacked and captured Hamdani's forces, which had crossed into British territory.

The Reds have numerous troops in Trans-Caspia, and are greatly improved in position. They have sent detachments toward Kizil Arbat, which is the chief of the Russian army. The Bolsheviks have two camps within the Caucasus, and are working on a railway and to have some on the way of Kandahar and Kabul escorted by Afghan forces.

The Reds have ordered five propaganda schools at Tashkent, where Oriental languages will be taught, and from which Red agents will be sent into India and China and all the Moslem countries. The Tashkent Soviet recently determined to concentrate all its efforts first on India.

## ALLY AGAINST SOVIET RUSSIA

**Five Baltic States to Form  
a Union.**

Helsingfors, Jan. 15. -- Representatives of Estonia, Latvia, Lithuania and Poland arrived in Helsingfors to-day to participate with Finland in a

conference which is expected, if its objects are attained, to have an important effect on the Russian situation.

The principal aim of the conference is to discuss organization by all five States of a defensive alliance against Soviet Russia and a second defensive alliance against Germany.

The correspondent is informed that Finland will not be a party to the second project, believing that, owing to her geographical position she has nothing to fear from German encroachment in the Baltic. Moreover, it is declared, Finland feels such gratitude toward Germany for aid given in the spring of 1918 in saving the land from the Red terror, that she

could not join in a project which might be regarded by Germany as hostile.

Joe Matte Will Play  
His Last Game With  
the Tigers To-Night  
Star Defence Man Joins Toronto Pros-Reise  
Out With the Tigers Last Night--  
Hockey Gossip

Joe Matte will wind up his career as a Tiger at the Arena to-night when the Tigers play a hard-fought exhibition game, for an "ataturk night" Joseph will make his professional debut against Quebec as a defence man for St. Patricks. White Tigers are mourning the loss of Matte, they are rejoicing over the fact that Leo Reize has decided to join a uniform one more, and the "Big Irish" will be seen in action to-night as a "Paddy".

Contrary to report, Reize arrived at the Arena before practice hour last night, jumped into his uniform and worked with the team for over an hour. He claims he has been doing no practicing behind closed doors, but judging from the condition he showed Leo has been doing V. M. C. A. work for the past week or so.

Tigers will be stronger in to-night's game than at any other time this season, as they will have Matte and Reize on the defence, and Boyd and Cooper on the wings, with Fisher and Max Smith in reserve.

The loss of Matte is a hard blow to the Tigers, but if the team has the fight left, it will still be strong contenders for O. T. A. and M. C. A. titles. Matte case this morning saying: "There is no denying the fact that the loss of Matte will be a hard blow to the Tigers, but we have Reize to count on now, and if the boys show the old fighting spirit, we are sure to upset the doc. With Reize and Smith on the defence and Reize in goal, I feel confident that we will prove a hard team to beat, and the forward line with another week's practice will

be going at top speed. We still have the rink left, and we will put up a stubborn fight until we lose it."

Tigers' next league game will be at home one week from to-night, with Aurora Lee, but Secretary Chalmers is trying to arrange to bring a fast out-of-town team here for an exhibition game early in the week.

Orono, Jan. 15.—One of the most strenuous games ever played on local ice took place last night between the Orono and the Tigers. The game was always in evidence, but few penalties were handed out. Close, hard checking was shown by the Orono, and Courter for Orono, started. The game was a 5 to 0 in favor of Orono.

Sarnia, Jan. 15.—The unravelling of this shield, another find this year, on the defence, the local intermediates are looking forward to. A hard workout was given through to-night after a late start, and the game was played at Sarnia Tuesday night.

Cobalt, Jan. 15.—Purcupine N. O. H. A. seniors received a hard blow when Spencer, star centre, was injured by his bank, turned today to Montreal by his bank.

Tillsonburg, Jan. 15.—Local hockey fans are very jubilant at the wonderful showing made by the local junior team, the Tillsonburg Tigers. The team has won its last two games, one lost and two to play, followed closely by London with four wins, one lost and two to play. Arrangements are being made to run a special train to London for Friday evening, but nevertheless a large crowd of fans will accompany the home team and are confident of a win.

Sporting Comment

Joe Matte has gone and done just what the Tigers feared he would do. He has signed a new contract and will play with St. Patricks in the N. H. L.

The Flying Frenchman, who promised faithfully he would stick by the Tigers for the season of 1935 to 1936, for company the first time he was asked, and left Tigers in such a way that it is doubtful if they will continue in the O. H. A. As a defence man Matte had few equals in amateur company, but there are many who figure he will not stand up against the heavy attack of the pros. Like "Mickey" Roach, Matte does not like the heavy going, and as he is in bad shape right now it will not take much of a bump to stop his rushing.

Tigers are wrecked, says a Toronto paper. And wrecked is right, but let it be understood that Tigers were wrecked before they lost Matte. When "Shorty" Green failed to put in an appearance on August 1, "Shorty" being a hard blow behind the ear. Then the O.H.A. helped matters along by suspending Roach and McCarthy. That is what wrecked the Tigers.

But after all is said and done Matte is making a wise move by jumping to the pros. There is nothing for him here this season, and as he participates in no other line of sport he is not handicapping himself any by making the jump.

Now that St. Patricks have signed Roach and McCarthy and have what looks like a rather good chance of getting "Shorty" Green, they would pay them to make an effort to Herbie Reize. Herbie would go good in the Toronto nets, with a good defence to help out, much better than the present net tender at any rate.

"Knotty" Lee is one lucky man. He has three positions to pick from for this summer, and he is still undecided just what one he will accept. Saginaw wants him to manage their club in the M. and O. He can act as business manager for the Toronto International League team, and the management of the Bradford club is still open to him. "Knotty" being offered the Bradford job for a second term sounds rather funny, for, according to Liverpool the Bradford club is not doing very well, but his showing as a pilot last season, and the job for 1935 was being all framed up for Johnny Murphy.

Leo Cyffe, who umpired a few games in the M. and O. League last summer, has been secured by the National League by a cost of \$1,800. Cyffe worked previously for the Toronto team, and was known as "Knotty" Lee. He was "kicked" from "Shag" that he threw up the sponge and watched the Saginaw series from the grandstand.

ROY MOORE, clever bantam who will meet Sammy Sandow, of Cincinnati, at the Grand Opera House, one week from tonight.

With the  
Puck Chasers

Toronto, Jan. 15.—Aurora Lee juniors sprang one of the big surprises of the season when they defeated the University of Toronto team, here, last night by a 6 to 6 in twenty minutes overtime. The lead and white downed the Collegians in the S.P.A. series, but the latter had improved considerably since then and they were favorites to reverse the decision last night. In the opening period they easily outplayed the winners and led at the interval by 2 to 1, but the Red shirts came to life in the next session, although Redfere Ross kept the penalty tines busy.

Perry, Jan. 15.—In an O. H. A. Intermediate fixture to-night Perry Sound defeated Depot Harbor by a score of 2 to 2. Considerable rough play marked an otherwise good exhibition, although Redfere Ross kept the penalty tines busy.

Sarnia, Jan. 15.—With the unravelling of this shield, another find this year, on the defence, the local intermediates are looking to a win over London here to-morrow night. A hard workout was given through to-night, after a day's lay-off following their game in Watford to-night. The condition of the players is good, the City League schedule keeping them in the best of form for their intermediate games.

Manager Dent, who has been confined to his bed for the past two weeks, is able to be about again, and will take charge of the team for the game here to-morrow night. Brown, who was unable to play against Watford, will be available, and Burgess, who was injured his hip at Watford, is getting back into shape.

The City Hockey League schedule was dropped for this week, and the shutting off of the hockey for so long will probably bring out something in the nature of a record crowd for the local derby to battle with the Londoners.
